## A Trip Through The Wheat Fields.

Mr. B. M. Renick, the genial proprietor of the Paris Milling Company, has returned from an extended trip through the Middle West, under the auspices of the Millers' National Federation, which met at Kansas City, June 15th. The itinerary included a trip through the wheat fields of Kansas and Oklahoma. Mr. Renick informs us that the prospects so far in this section are far the greatest wheat crop in years, in fact, he says that so large are the crops, that wheat has already begun to waver towards a lower price and farmers are selling their crops before the harvest in order to get the present price, which they think about to go lower.

"The Jolly Millers," as they are called, had a special train out of Kansas City, composed of seven Pullman sleepers, two dining cars and smokers.

After the tour of the wheat fields, which extended over 100 miles of the finest wheat country in the world, the party went to Bliss, Oklahoma, where the gala event of the trip was handed out to them in the "Royal Western Style" by the Miller Bros. on their famous 101 ranch. This undoubtedly is the largest ranch in the world. It covers over 87,000 acres of land leased from the Indians. Here a Buffalo dinner was served to all—gratis, after which the day was given over to all kind of Western amusements, which was witnessed by over 60,000 people. Mr. Renick is very enthusiastic over the reception given by the different towns to the association. The railroad service, he says, was the "finest ever," the train being equipped with a complete telephone service, making it possible to talk to any one aboard from any car.

Mr. Renick brought home a number of handsome souvenirs of his trip, in the way of booklets, menu cards and pictures, which are intensely interesting.

Quite a number of the most prominent millers of the State were on the trip. The Kentucky headquarters at the convention were at the Coates House, where they impressed upon their friends the fact that "Strength United is Stronger."

THE big Mill End Sale is now going on at Harry Simon's.

## Capt. Thomas' Funeral.

A large number of relatives and friends attended the funeral services of Capt. J. M. Thomas, Saturday morning, at 9:30. The services were very simple, and in keeping with the wishes of the departed. The services were conducted by Rev. Dr. E. H. Rutherford with short reading of the scriptures and several hymns which were favorites of Capt. Thomas during life. Quite a large crowd was in attendance from Ford, eight employees of the deceased at that point, acting as pall-bearers. The remains were deposited in the Thomas mausoleum in Paris cemetery.

## A Successful Sale.

The big Mill End Sale of Harry Simon, which commenced Saturday, was a grand success. The store was crowded from early in the morning until late in the night. The sale will continue until July 1.

## A Sunday Scrap.

Alex. Hughes, a colored citizen of Claysville, administered a severe beating to his wife Sunday, knocking out her right eye. The member was removed by Dr. Anderson yesterday. Hughes has not been arrested up to the time of going to press.

## Will Be Abandoned.

The efforts recently made by the Ways and Means Committee of the Burley Tobacco Growers' Company to form a plan whereby the association could be reorganized, and another move made to control the output of tobacco grown this year, and which have so far failed of success, it is said, will be abandoned and the defunct company will not be revived.

## A Good Illustration.

In looking over the large number of souvenirs which Mr. B. M. Renick brought home from his trip through the West. We find that every town included in the itinerary of the association there is an attractive souvenir of the town setting forth its advantages and resources. The souvenirs are gotten out by the towns, paid for by popular subscription, yet the West is in its infancy and is struggling for a foothold.

The city railway of Oklahoma City gave a book containing ten tickets, each one good for a ride on any of their cars, to the millers free. Oklahoma City is only sixteen years old, yet it has 20 miles of up-to-date street car service, a population of 35,000, 10 public schools, 6 private schools, 111 teachers, 16 miles of paved streets, 78 miles of brick and stone sidewalk, 8 banks with deposits of over \$3,000,000, 9 railroads, 4 trunk lines, 65 factories, 49 wholesale houses, 23 churches and a \$32,048 fire department. The last fiscal year shows \$81,006 postoffice receipts, with an assessed valuation of \$7,500,000, and yet it is only 16 years old.

Here is a lesson in enterprise. What is the first thing that comes to your mind after reading this? It is a good town. It pays to advertise.

Paris is over 100 years old; look at the difference.

During the Knight Templar conclave at Richmond this spring, over 10,000 strangers visited the city, and yet there was not a single souvenir issued, not even a 2x4 inch card given out by the merchants or the city to tell them about the town they have visited, except the history of Richmond and Madison county issued by one of the papers. The merchants had no knowledge of this book coming out during the conclave.

Let our progressive citizen profit by this illustration and do all in their power to help us make our History of Paris and Bourbon county a monument to thrift and industry of Paris and her people. Remember we have the Odd Fellows and Knights Templars with us next year.

WHEAT WANTED.—Plenty of sacks, will receive at either end of town.
